

We visited Central State University on March 1, 2018.

We have several students who are considering this university which is one of the biggest HBCU around us.

I am glad they had the opportunity to see the campus before making their college decisions. It was great to see all of the new building additions to the campus. Our students were excited to walk around the campus and talk to some of the current students.

We wish all of our student good luck!
